Summary

Detail-oriented Computer Engineering student with strong skills in Python, SQL, JavaScript, and AWS Cloud. Experienced in full-stack development, REST APIs, SQL optimization, and backend development. Seeking Software Engineer, Python Developer, or Cloud Engineer opportunities.

Skills

Languages: Python, JavaScript, Java, SQL
Frontend: HTML5, CSS3, React.js
Backend: Node.js, Express.js, REST API
Databases: MySQL, MongoDB
Cloud: AWS (IAM, S3, EC2, Lambda, CloudWatch)

Experience

SQL Developer Intern Jun. 2025 – Aug. 2025
Celebal Technologies Remote

- Developed and optimized SQL queries using joins, subqueries, and CTEs to analyze large datasets.
- Performed data cleaning, validation, and reporting to support business insights.
- Improved query performance using indexing and normalization techniques.
- Worked with relational databases and handled real-world data management tasks.

Projects

Roomy - PG Booking Web App | *JavaScript, React.js, Node.js, Express.js, MongoDB*

- Built a full-stack PG booking platform with search, booking, and owner management features.
- Implemented JWT authentication, Firebase OTP verification, and real-time chat using Socket.io.
- Deployed the application using Vercel and Render.

Travel Stories | *JavaScript, React.js, Node.js, Express.js, MongoDB*

- Built a full-stack travel journal application with CRUD functionality using MongoDB.
- Developed REST APIs, tested endpoints using Postman, and designed a responsive React interface.

Sustainable Fertilizer Usage Optimizer | *React.js, JavaScript, Node.js, Express.js, MongoDB, Python, ML*

- Built an AI-powered fertilizer recommendation system using soil, crop, and weather data to improve crop yield.
- Developed a full-stack ML application using React.js, Node.js, Express.js, MongoDB, and REST APIs.
- Enabled sustainable farming through intelligent recommendations, dashboards, and farmer data management.

Certifications

- AWS With Pythn – Symbiosis skills and Professional University
- Ethical Hacking Training – Internshala
- MERN Full-Stack Web Development – Apna College
- Java & Data Structures & Algorithms – Apna College
- Zensar ESDP Training Program
- National Level Hackathon Participant – Decodex 2025

Education

R. C. Patel Institute of Technology Shirpur, Maharashtra
B.Tech in Computer Engineering | CGPA: 7.38/10 Oct. 2022 – Jul. 2026
R. C. Patel Junior Science College Shirpur, Maharashtra
HSC | 82.67% Jun. 2021 – Jun. 2022
